REQUESTS BY THE UNITED STATES
FOR CONCESSIONS FROM NICARAGUA ,
AT THE FORTHCOMING TARIFF
NEGOTIATIONS AT ANNECY COMMENCING
APRIL 11, 1949

Excellency:

I have the honor to refer to paragraph IV (iv) of the "Memorandum on Tariff Negotiations to be Held in Geneva Commencing 11 April 1949" (GATT/CP.2/26). Pursuant to that paragraph I enclose, under instructions from my Government, two copies of a list of the specific tariff concessions which it will request from the Nicaraguan Government in these negotiations. As the Government of Nicaragua is doubtless aware, it is now planned to hold these negotiations at Annecy, France, instead of Geneva as originally contemplated.

My Government wishes to reserve the right to discuss in these negotiations any other charges, restrictions, or regulations affecting the importation into, or the sale or distribution within, Nicaragua, of products covered by the attached list.

In accordance with the aforementioned paragraph IV (iv), my Government is also transmitting forty copies of the enclosed list and of this note to Mr. Eric Wyndham-White, Executive Secretary, Interim Commission for the International Trade Organization, for transmission to the other Governments which will participate in the negotiations at Annecy.

Accept, Excellency, the assurances of my most distinguished consideration.

United States Delegation
Third Session of the Contracting Parties
General Agreement on Tariffs and Trade

MEMORANDUM TO ACCOMPANY UNITED STATES OFFER LIST TO
NICARAGUA

The Delegation of Nicaragua is doubtless aware that the granting of tariff concessions by the United States is made pursuant to the Trade Agreements Act. Under that Act, public announcement of intention to enter into tariff negotiations with each country is made, and a list of products on which the United States will consider granting concessions is issued. Also, under the Act as presently in force, copies of these lists are transmitted to the United States Tariff Commission. The Commission is required to make a report to the President not later than 120 days after receipt of the list with respect to each article in the list.

That report has been made in respect of the lists of items, including that for Nicaragua, which accompanied the public notice of November 5, 1948, and the attached list contains the tariff concessions which the United States is prepared to offer in respect of the items on the Nicaraguan list.

The United States Delegation desires to make clear that these offers of tariff concessions are made by the

United States (1) in the light of the requests for tariff concessions made by the United States upon the acceding countries and (2) on the assumption that the tariff negotiations between the other governments participating in the Annecy negotiations will result in substantial benefits to the United States.

The offers in the attached list are expressed, not in the language of the United States tariff, but in the language of Schedule A, United States Department of Commerce Statistical Classification of Imports into the United States September 1, 1946 edition. The language of Schedule A is not to be taken as a definitive legal description of the product involved; such description will have to be included in the final agreement.
