CONFIDENTIAL

REQUESTS BY THE UNITED STATES  
FOR CONCESSIONS FROM PERU  
AT THE FORTHCOMING TARIFF  
NEGOTIATIONS AT ANNECY COMMENCING  
APRIL 11, 1949

Excellency:

I have the honor to refer to paragraph IV (iv) of the "Memorandum on Tariff Negotiations to be Held in Geneva Commencing 11 April 1949" (GATT/CP.2/26). Pursuant to that paragraph I enclose, under instructions from my Government, two copies of a preliminary list of the specific tariff concessions which it will request from the Peruvian Government in these negotiations. As the Government of Peru is doubtless aware, it is now planned to hold these negotiations at Annecy, France, instead of Geneva as originally contemplated.

In communicating this list to the Peruvian Government, my Government wishes to reserve the right to submit a supplementary list of request items which may result from studies now in progress of information obtained pursuant to the formal public notice of United States intention to participate in the negotiations with the Government of Peru which was issued on November 5, 1948, and of the supplementary notice issued on December 17, 1948. Pursuant to the notice of November 5, public hearings were held from December 7 to 14, 1948, inclusive, and the notice dated December 17 provided for a public hearing beginning January 25, 1949. Furthermore, my Government wishes to reserve the right to discuss in these negotiations any other charges, restrictions, or regulations affecting the importation into, or the sale or distribution within, Peru of products covered by the attached list or a supplementary list.

The Government of Peru is of course aware of the close relationship between a country's tariff schedules and its exchange system. In particular, the benefit of tariff concessions may be impaired, or even nullified, by transferring products to which the tariff concessions apply from one effective exchange rate to another within a multiple exchange rate structure. Consequently, at an early date my Government will wish to discuss with the Peruvian Government measures, in harmony with the provisions of the General Agreement on Tariffs and Trade, which may be necessary to insure that the tariff concessions to be accorded under the Agreement will be adequately safeguarded.

In

In accordance with the aforementioned paragraph IV (iv), my Government is also transmitting forty copies of the enclosed list and of this note to Mr. Eric Wyndham-White, Executive Secretary, Interim Commission for the International Trade Organization, for transmission to the other Governments which will participate in the negotiations at Annecy.

Accept, Excellency, the assurances of my most distinguished consideration.

Enclosure:

Requests by the United  
States for Concessions  
from Peru at the Forthcoming  
Tariff Negotiations at  
Annecy Commencing April 11,  
1949.
