S E C R E T

GATT TARIFF NEGOTIATIONS 1960/61

Tariff concessions which the EEC requests from
Pakistan

Explanatory note

The attached schedule of tariff concessions which the European Economic Community requests from Pakistan represents an inventory of products for which either reduction or binding of the actual rates of the Pakistan tariff is requested. The purpose of this schedule is to give to the Delegation of Pakistan an indication about the interest which the Community has in obtaining concessions on such products.

The Delegation of the Community recalls that it does not intend to insist upon complete reciprocity from Pakistan in the course of the negotiations. For this reason the Community has abstained from figuring its requests and confined itself to indicating the cases where binding is proposed.
