SECRET. COMMONWEALTH OF AUSTRALIA. DATE: APRIL, 1947.

RESPONSES TO FRENCH REQUESTS FOR TARIFF CONCESSIONS FROM AUSTRALIA.

RATES AT BASE DATE.

The third, fourth and fifth columns of Schedule list rates operative at base date.

In this connection it should be noted that the Australian Government has notified the United Nations Secretariat that, on the understanding that the nomination of a base date is merely a procedural step, which in no way implies commitment to or agreement with principles of Articles 14 and 24 of the Draft Charter, the Commonwealth Government has decided to nominate 15/10/46 as the base date for Tariff negotiations at Geneva.

SPECIAL WAR DUTY.

At the base date, 15/10/46, the Customs Tariff (Special War Duty) Proposals imposed a special war duty of Customs at the rate of 16 per centum of the amount of duty of Customs collected on all goods entered for home consumption, other than goods covered by Items 18, 19, 23 and 229(C) in the Schedule to the Customs Tariff 1933-193 This Special War Duty has since been withdrawn.

EXCHANGE ADJUSTMENT.

The letters "E.A." appearing in the third and fifth columns of the Schedule signify that the B.P.T. rate shown is subject to reduction in accordance with the provisions of the Exchange Adjustment Act.

OPERATIVE M.F.N. RATE.

In cases where rates are shown in both the fourth and fifth columns of the Schedule, the operative M.F.N. rate is underlined.

EXEMPT.

The word "exempt" appearing in the sixth column of the schedule relates to the request for the elimination of primage.

RESPONSES TO FRENCH REQUESTS FOR TARIFF CONCESSIONS FROM AUSTRALIA (Continued)

PRINCIPAL SUPPLIER RULE:

In the case of certain Tariff Items in this schedule the responses have been made on a tentative basis and on the understanding that, if it is ultimately established that a member country other than France is the principal supplier or the potential principal supplier, Australia may wish to reserve the item for negotiations with the principal supplying country.
