CONSOLIDATED LIST OF UNITED KINGDOM OFFERS IN RESPECT OF REQUESTS FOR CONCESSIONS ON THE UNITED KINGDOM TARIFF

The United Kingdom Delegation have thought it would be timely, as a practical contribution to the urgent task of accelerating the negotiations, to consolidate in a single statement, which is circulated herewith, the offers that they have made in respect of tariff requests from other Delegations, and to incorporate in it a number of improved and additional offers, notably in respect of textile yarns and tissues and fresh fruit.*

This consolidated offer, which in a number of cases affects the preferential interests of other British Commonwealth countries, represents the full extent to which it is possible to go. Taken together with the preferences in other Commonwealth countries which the United Kingdom Delegation are being asked to relinquish in whole or in part, it constitutes, in the view of the United Kingdom Delegation, a major contribution to the reduction of tariff barriers.

The presentation of this consolidated statement should not be taken to imply any change in the status of the offers, which are all made without commitment and in the hope that adequate concessions will be offered in return. In this connection, the United Kingdom Delegation feel obliged to remark that the sum total of concessions so far offered in exchange is not adequate. Failing improvement in the scope and scale of these concessions, the United Kingdom Delegation may have no alternative but to reduce the scope and scale of their own offers.

---

* - These offers are indicated by an asterisk (*) against the serial number in the attached list of offers.

DRAFT SCHEDULE TO THE GENERAL AGREEMENT ON TARIFFS AND TRADE

in respect of

THE UNITED KINGDOM (METROPOLITAN TERRITORY)

The attached draft Schedule is based on the United Kingdom Consolidated Offer List as it stood when the last amendment was circulated on 6th October, 1947. It does not represent the final U.K. list of offers, and further amendments, additions and deletions will, of course, have to be made in the Schedule in the light of negotiations which are still proceeding.

So far as possible, items have been cast in the form in which it is proposed to include them in the final Schedule to the General Agreement on Tariffs and Trade, though minor amendments to the wording may have to be made.

The following offers have recently been withdrawn and have accordingly been omitted from the present Schedule:-

55	Iron and steel nuts and bolts
151	Machinery belting of leather
152	Machinery belting of rubber
176	Elastic goods

No further amendments will be issued to the Consolidated Offer List which is replaced as a working document by the attached draft Schedule.
