SECRET 36

GENERAL AGREEMENT ON TARIFFS AND TRADE

TARIFF NEGOTIATIONS 1956

Consolidated list of offers by the Government of the United Kingdom

The following list has been prepared in accordance with the instructions circulated in T.N. 56/1 and T.N. 56/2 of the 2nd and 21st December, 1955, respectively; it is based on the assumption that all the requests made by the United Kingdom on other participating countries will be met, together with certain supplementary requests which may be notified in the course of the negotiations.

It has not been possible, in the time available to complete all the enquiries which the United Kingdom Government has instituted into requests made by participating countries. In particular, in many cases, the Customs definition of the products to be covered remains to be formulated in terms of the current United Kingdom tariff or Brussels Nomenclature. It is possible, therefore, that some offers may have to be modified or withdrawn later.

Offers are being made to the following countries:-

Benelux
Denmark
Finland
Germany
Italy
Norway
Sweden
United States

The numbers in brackets after the abbreviations in Column VI are for the reference purposes of the United Kingdom Delegation. Offers are in all cases related to trade covered by the tariff items quoted.
