TARIFF NEGOTIATIONS 1956

Supplementary Tariff Concessions Which the Government of the UNITED STATES OF AMERICA Requests from the Government of ITALY.

The attached list of requests is supplementary to the list of requests previously transmitted. The list is tentative and subject to subsequent additions and alterations in light of information which the Government of the United States may obtain on further review of its trade with Italy and pursuant to its formal public notices of intention to undertake trade agreement negotiations with the Government of Italy, published on September 21 and December 9, 1955. Public notice is required under the Trade Agreements Act of 1934, as amended and extended, the legislative authority under which the United States undertakes these tariff negotiations.

1956 TARIFF NEGOTIATIONS

The Delegation of Italy and the Delegation of the United States of America hereby inform the Executive Secretary that they have today completed their bilateral negotiations.

They accordingly attach hereto forty copies of the two lists of concessions agreed upon.

It is understood that the lists of concessions may be subject to some modification in the light of other bilateral negotiations still to be concluded or of the final multilateral stage of the tariff negotiations.

GENERAL AGREEMENT ON TARIFFS AND TRADE
1956 TARIFF NEGOTIATIONS--GENEVA

United States Tariff Concessions Agreed to in Bilateral Negotiations With ITALY

(Subject to Approval by President of the United States)

April 14, 1956

NOTE: The concessions listed below are subject to such modification as may be necessary in the light of bilateral negotiations still in progress between the United States and contracting parties other than Italy or of the final multilateral stages of negotiations. Descriptions of products are subject to such changes in terminology as may be necessary in the translation of the statistical descriptions into definitive United States tariff nomenclature to be set forth in the consolidated United States schedule of concessions to be annexed to the 1956 Protocol of Supplementary Concessions.

Reductions in duty will be made in three annual stages, the first stage to become effective not later than June 30, 1956. In the event that any specified rate becomes effective and subsequently becomes ineffective by reason of action taken pursuant to paragraph 3(ii) of the said Protocol of Supplementary Concessions or any other reason, the later stages of reductions will not be made effective until the rate which became ineffective has been restored and has been in effect for a total period of one year.

The items identified by two asterisks (**) are part of a classification other related parts of which are under negotiation with another contracting party or parties. Such items may therefore be subject to reconsideration in the light of the outcome of such other negotiations.
