MEMORANDUM TO ACCOMPANY UNITED STATES
OFFER LIST TO THE REPUBLIC OF INDONESIA

Attached is a list of the tariff concessions which the United States is prepared to grant to the Republic of Indonesia.

The United States Delegation desires to make clear that these offers of tariff concessions are made (1) in the light of the requests for tariff concessions made by the United States upon the other governments participating in the Torquay negotiations and (2) on the assumption that the tariff negotiations between the other participating governments will result in substantial benefits to the United States.

Offers in this list which affect Cuban preferential margins are provisional pending consultations with the Delegation of Cuba.

The offers in the attached list are expressed in terms which will facilitate reference to United States import statistics; the items are identified by statistical class numbers as well as by tariff paragraphs. In the final agreement minor variations in the language used may be necessary in order to have a definitive legal description of the product involved, but the coverage of products will not be altered.

The United States Delegation has noted that according to GATT Document TN.2/23 Rev. 1 the Republic of Indonesia does not intend to make any withdrawals or modifications pursuant to the provisions of Article XXVIII.

BY THE CONTRACTING PARTIES TO THE
GENERAL AGREEMENT ON TARIFFS AND TRADE
TORQUAY, ENGLAND

February 28, 1951

My dear Dr. Sudjarwo:

This will confirm that, as a consequence of the tariff negotiations between our Delegations, the understanding arrived at in respect of adjustments in the United States tariff is as set forth in the schedule enclosed herewith.

The United States offers are made in consideration of the offers of the Republic of Indonesia, handed to me on this date, which meet the requests of the United States in a satisfactory manner. These United States offers are subject to the approval of the President of the United States.

Our offers of tariff adjustments, which may be subject to some modification in the light of the bilateral tariff negotiations still to be concluded, will become effective pursuant to the Torquay Protocol to the General Agreement on Tariffs and Trade. These offers, which are in the form of the United States statistical classification, will, in their final form, be in the statutory language of the United States Tariff Law.

On behalf of all members of the United States delegation who have had the privilege of associating with the Indonesian delegation, I have the honour to convey our appreciation of

the cooperation
