TARIFF CONCESSIONS OFFERED BY THE GOVERNMENT OF THE UNITED KINGDOM IN RESPONSE
TO REQUESTS RECEIVED FROM THE GOVERNMENT OF ITALY

NOTES

1. In view of the possibility that during the currency of the present tariff concessions the United Kingdom may adopt the common Tariff Nomenclature recently prepared at Brussels, the present offers are presented in alternative versions. The wording in column 3 represents the offer based on the existing United Kingdom Tariff. The wording in column 4 represents the offer as it would be expressed in terms of the Brussels Nomenclature. In preparing these offers every attempt has been made to ensure that the alternative versions (where they differ in wording) cover exactly the same categories of goods. In some few cases it may be impossible to achieve absolute identity of meaning between the alternative versions. The United Kingdom Delegation will draw attention during discussion of the offers to any minor differences between the alternative versions.
2. The offers in this list refer to duties chargeable or exemptions made under Parts 3 and 4 only of the United Kingdom Tariff, except that where Part 5 or Part 6 is shown in column 2 of the list, then the concession refers also to duties chargeable under the Part so shown.
3. The United Kingdom Delegation reserve the right to make changes in the detailed drafting of the terms of the offers.
