For the Delegation of Peru.

LISTS OF OFFERS MADE BY THE UNITED KINGDOM
IN RESPONSE TO REQUESTS MADE BY PERU FOR
CONCESSIONS IN THE UNITED KINGDOM TARIFF

1. The attached statement of offers by the United Kingdom Delegation in respect of requests made by Peru is presented in two parts.

Part I lists those concessions made by the United Kingdom during the tariff negotiations at Geneva in 1947 on items of interest to Peru. The United Kingdom has extended to Peru the benefits of these concessions since 1948 and now seeks compensating concessions. It will be seen that a number of the items on which Peru has requested concessions are included in this part.

Part II shows the offers which the United Kingdom Delegation are prepared to make in response to the requests made by Peru for further concessions in the United Kingdom Tariff.

2. It is possible that during the currency of agreement now being negotiated the present nomenclature of the United Kingdom Tariff will be superseded by the Tariff Nomenclature agreed for their common use between several European countries at Brussels. In order to avoid any misunderstanding about the extent of the offers made in Part II, the definition of the items to which new offers relate have been shown in terms both of the present tariff and of the Brussels Nomenclature. As stated in Note 3 to Part II these definitions are subject to minor drafting changes.

United Kingdom Delegation,
Rutland House Hotel,
Torquay.

6th October, 1950.

PART II

Tariff concessions offered by the Government of United Kingdom in response to requests received from the Government of Peru.

1. In view of the possibility that during the currency at Brussels, the present offers are presented in alternative versions. The wording in column 3 represents the offer based on the existing United Kingdom Tariff. The wording in column 4 represents the offer as it would be pressed in terms of the Brussels Nomenclature. In preparing these offers every attempt has been made to ensure that the alternative versions (where they differ in wording) cover exactly the same categories of goods. In some few cases it may be impossible to achieve absolute identity of meaning between the alternative versions. The United Kingdom delegation will draw attention during discussion of the offers to any minor differences between the alternative versions.

2. Unless otherwise stated, the offers in this list relate to duties chargeable or exemptions made under Parts 3 and 4 of the United Kingdom Tariff; such offers do not extend to any duties which may fall to be charged under Part 5 or Part 6 of the United Kingdom Tariff.

3. The United Kingdom delegation reserve the right to make changes in the detailed drafting of the terms of the offers.
