LIST OF OFFERS MADE BY THE UNITED KINGDOM
IN RESPONSE TO REQUESTS MADE BY THE
PHILIPPINES FOR CONCESSIONS IN THE UNITED
KINGDOM TARIFF

1. The attached statement of offers by the United Kingdom Delegation in respect of requests made by the Philippines is presented in two parts.

Part I lists those concessions made by the United Kingdom during the tariff negotiations at Geneva in 1947 on items of interest to the Philippines. The United Kingdom has extended to the Philippines the benefits of these concessions since 1948 and now seeks compensating concessions. It will be seen that a number of the items on which the Philippines have requested concessions are included in this part.

Part II shows the offers which the United Kingdom Delegation are prepared to make in response to the requests made by the Philippines for further concessions in the United Kingdom Tariff.

2. It is possible that during the currency of the agreement now being negotiated the present nomenclature of the United Kingdom Tariff will be superseded by the Tariff Nomenclature agreed for their common use between several European countries at Brussels. In order to avoid any misunderstanding about the extent of the offers made in Part II, the definitions of the items to which the new offers relate have been shown in terms both of the present tariff and of the Brussels Nomenclature. As stated in Note 3 to Part II these definitions are subject to minor drafting changes.

United Kingdom Delegation,
Rutland House Hotel,
Torquay.

TARIFF CONCESSIONS OFFERED BY THE GOVERNMENT OF UNITED KINGDOM IN RESPONSE TO REQUESTS RECEIVED FROM THE GOVERNMENT OF THE PHILIPPINES

Notes

1. In view of the possibility that during the currency of the present tariff concessions the United Kingdom may adopt the common Tariff Nomenclature recently prepared at Brussels, the present offers are presented in alternative versions. The wording in column 3 represents the offer based on the existing United Kingdom Tariff. The wording in column 4 represents the offer as it would be pressed in terms of the Brussels Nomenclature. In preparing these offers every attempt has been made to ensure that the alternative versions (where they differ in wording) cover exactly the same categories of goods. In some few cases it may be impossible to achieve absolute identity of meaning between the alternative versions. The United Kingdom delegation will draw attention during discussion of the offers to any minor differences between the alternative versions.
2. The offers in this list refer to duties chargeable or exemptions made under Parts 3 and 4 only of the United Kingdom Tariff, except that where Part 5 or Part 6 is shown in column 2 of the list, then the concession refers also to duties chargeable under the Part so shown.
3. The United Kingdom delegation reserve the right to make changes in the detailed drafting of the terms of the offers.

CONCESSION IN RESPECT OF REQUESTS MADE BY THE PHILIPPINES ON THE UNITED KINGDOM TARIFF

Note: In view of the possibility that during the currency of the present tariff concessions the United Kingdom may adopt the common Tariff Nomenclature recently prepared at Brussels, the following concessions are expressed in alternative versions. The wording in column 3 represents the concession based on the existing United Kingdom Tariff. The wording in column 4 represents the concession expressed in terms of the Brussels Nomenclature. The former definition is valid unless and until the United Kingdom brings into force a Tariff based on the Brussels Nomenclature Convention; thereafter the latter definition only would be valid.

Dear Mr. More:

In reviewing the final offers of the Philippines to the United Kingdom we noted that there was a slight oversight on our part on Item 93, namely:

Cotton yarns or threads for sewing,
crocheting, darning or embroidery,
and mercerized yarns or threads.

The concession on this item should be 15% instead of 20% only as shown in the final list we gave you. I am enclosing herewith ten copies of our final list showing the corrected rate of 15% duly authenticated with my initials.

Very truly yours,
For the Chief Delegate:

SECRET

3rd April, 1951.

Dear Mr. More:

A recheck of our final offers to the United Kingdom disclosed another case of oversight on our part as regards Item No. ex 195 ex (c), namely:

"Detached parts and accessories for
automobiles (excluding tires)
lamps and horns"

This Item should correctly read as follows:

"Detached parts and accessories for
automobiles including lamps and
horns (except tires)"

The concession in this Item should be 15% instead of 20% as shown in our final list. I am enclosing herewith another ten copies of our final list showing the corrected wording and rate for this Item as well as the correct rate for Item No. 93 about which I informed you in my letter of April 2, 1951.

As usual I am informing the Secretariat about this additional change in the final offers of the Philippines to the United Kingdom.

Very truly yours,
For the Chief Delegate:
