Torquay.

Notes

1. In view of the possibility that during the current negotiations at Brussels, the present offers are presented in alternative versions. The wording in column 3 represents the offer based on the existing United Kingdom Tariff. The wording in column 4 represents the offer as it would be expressed in terms of the Brussels Nomenclature. In preparing these offers every attempt has been made to ensure that the alternative versions (where they differ in wording) cover exactly the same categories of goods. In some few cases it may be impossible to achieve absolute identity of meaning between the alternative versions. The United Kingdom delegation will draw attention during discussion of the offers to any minor differences between the alternative versions.
2. Unless otherwise stated, the offers in this list relate to duties chargeable or exemptions made under Parts 3 and 4 of the United Kingdom Tariff; such offers do not extend to any duties which may fall to be charged under Part 5 or Part 6 of the United Kingdom Tariff.
3. The United Kingdom delegation reserve the right to make changes in the detailed drafting of the terms of the offers.
