MEMORANDUM TO ACCOMPANY UNITED STATES OFFER LIST TO THE UNITED KINGDOM

Attached is a list of the tariff concessions which the United States is prepared to grant to the United Kingdom.

The United States Delegation desires to make clear that these offers of tariff concessions are made (1) in the light of the requests for tariff concessions made by the United States upon the other governments participating in the Torquay negotiations and (2) on the assumption that the tariff negotiations between the other participating governments will result in substantial benefits to the United States.

Moreover, these offers are made on the understanding that the Government of the United Kingdom will agree to change the date in Article XXVIII to January 1, 1954.

Offers in this list which affect Cuban preferential margins are provisional pending consultations with the Delegation of Cuba.

The offers in the attached list are expressed in terms which will facilitate reference to United States import statistics; the items are identified by statistical class numbers as well as by tariff paragraphs. In the final agreement minor variations in the language used may be necessary in order to have a definitive legal description of the product involved, but the coverage of products will not be altered.

TARIFF CONCESSIONS OFFERED BY THE GOVERNMENT OF THE UNITED KINGDOM IN RESPONSE
TO REQUESTS RECEIVED FROM THE GOVERNMENT OF THE UNITED STATES OF AMERICA

SECRET

COPY NO. 44

NOTES

1. In view of the possibility that during the currency of the present tariff concessions the United Kingdom may adopt the common Tariff Nomenclature recently prepared at Brussels, the present offers are presented in alternative versions. The wording in column 3 represents the offer based on the existing United Kingdom Tariff. The wording in column 4 represents the offer as it would be expressed in terms of the Brussels Nomenclature. In preparing these offers every attempt has been made to ensure that the alternative versions (where they differ in wording) cover exactly the same categories of goods. In some few cases it may be impossible to achieve absolute identity of meaning between the alternative versions. The United Kingdom Delegation will draw attention during discussion of the offers to any minor differences between the alternative versions.
2. The offers in this list refer to duties chargeable or exemptions made under Parts 3 and 4 only of the United Kingdom Tariff, except that where Part 5 or Part 6 is shown in column 2 of the list, then the concession refers also to duties chargeable under the Part so shown.
3. The United Kingdom Delegation reserves the right to make changes in the detailed drafting of the terms of the offers.

ADDITIONAL TARIFF CONCESSIONS OFFERED BY THE GOVERNMENT OF THE UNITED KINGDOM IN RESPONSE

TO REQUESTS MADE BY THE GOVERNMENT OF THE UNITED STATES OF AMERICA

NOTES

1. In view of the possibility that during the course of the present tariff negotiations the United Kingdom may adopt the common Tariff Nomenclature recently prepared at Brussels, the present offers are presented in alternative versions. The wording in column 3 represents the offer based on the existing United Kingdom Tariff. The wording in column 4 represents the offer as it could be phrased in terms of the Brussels Nomenclature. The former definition is valid unless and until the United Kingdom brings into force a Tariff based on the Brussels Nomenclature Convention; thereafter the latter definition only would be valid.

In preparing these offers every attempt has been made to ensure that the alternative versions (where they differ in wording) cover exactly the same categories of goods. In some few cases it may be impossible to achieve exact identity of meaning between the alternative versions. The United Kingdom Delegation will draw attention during discussion of the offers to any differences between the alternative versions.

2. The offers in this list refer to duties chargeable or exemptions under Parts 3 and 4 only of the United Kingdom Tariff, except that where Part 5 or Part 6 is shown in column 2 of the list, then the concession refers also to duties chargeable under the Part so shown.
3. The United Kingdom Delegation reserves the right to amend changes in the detailed drafting of the terms of the offers.
