

Information for the media: MC11 Closing session

The Closing session for the WTO's 11th Ministerial Conference takes place at the Hilton Hotel on 13 December. It is tentatively scheduled to start at 4pm, but please consult the electronic bulletin board in the Media Centre, 2nd floor of the Hilton Hotel, for updates.

When coming to the Hilton Hotel please allow sufficient time for security checks. Entrance for the press is at the corner of streets Juana Manso and Macacha Guemes.

Below are guidelines for media participation and additional information about the meeting.

PRINT MEDIA

Due to space limitations, print media will not be allowed to attend the Closing session. However, the Closing session will be broadcast in Buen Ayre C, 2nd floor, with interpretation available in English, French and Spanish.

PHOTOGRAPHERS AND TV CAMERAS

TV cameramen and photographers can work from two platforms at the back of the conference room. Audio outlets are available on these platforms. Badges for this area (marked with a "P") are available as of 10am on 13 December at the Media Centre, Hilton Hotel, second floor, rooms 245-246 on a first come, first serve basis.

TV cameras and photographers should remain on the platforms for the duration of the session. A very limited group of **pool photographers** will have rights to approach the podium up to areas marked with security ropes in some corridors, provided they do not block the official broadcast's video cameras.

PHOTOS AND VIDEOS FROM THE WTO

The session will be live streamed on the WTO website. Video and photos from the session will be available approximately three hours after the end of the session.

For photos and on-demand webcast, visit www.wto.org.
