TECHNICAL COOPERATION HANDBOOK ON NOTIFICATION REQUIREMENTS

AGREEMENT ON AGRICULTURE

This section of the Handbook on Notification Requirements covers the notification obligations under the **AGREEMENT ON AGRICULTURE**. It consists of the following five parts:

PART 1	PART 2	PART 3	PART 4	PART 5
OVERVIEW OF NOTIFICATION REQUIREMENTS	LISTING OF THE NOTIFICATION OBLIGATIONS	RELEVANT DOCUMENT(S) CONCERNING GUIDELINES AND FORMATS	LIST OF NOTIFICATIONS SINCE 1995	TEXT OF THE AGREEMENT

For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications. Transparency requirements also form part of some decisions adopted under the agriculture negotiations.

PART 1

OVERVIEW OF NOTIFICATION REQUIREMENTS

INTRODUCTION

Requirements and formats for notification under the Agreement on Agriculture are listed in documents [G/AG/2](#) and [G/AG/2/Add.1](#) and [G/AG/2/Add.2](#) and cover five areas:

- Market access, with respect to tariff and other quotas, and special safeguard provisions;
- Domestic support, including the Current Total Aggregate Measurement of Support (AMS), and new or modified exempt measures;
- Export competition, including export subsidies and other measures with potential equivalent effect;
- Export prohibitions or restrictions; and
- Follow-up to the Decision on Measures Concerning the Possible Negative Effects of the Reform Programme on Least-Developed and Net Food-Importing Developing Countries.

As the notification requirements are largely dependent on the specific commitments as set out in each Member's schedule along with the actions taken by each Member, they differ from Member to Member. In many cases only a limited number of notification requirements will apply for a particular Member.

WHAT MUST BE NOTIFIED?

- Market access, with respect to tariff and other quotas, and special safeguard provisions;
- Domestic support, including the Current Total Aggregate Measurement of Support (AMS), and new or modified exempt measures;
- Export competition including export subsidies and other measures with potential equivalent effect);
- Export prohibitions or restrictions; and
- Follow-up to the Decision on Measures Concerning the Possible Negative Effects of the Reform Programme on Least-Developed and Net Food-Importing Developing Countries.

WHICH MEMBERS MUST NOTIFY?

In many cases only a limited number of notification requirements will apply for a particular Member. This is because they largely depend on the specific commitments as set out in each Member's Schedule, as well as on the actions that may be taken by that Member in any given implementation year.¹

For information on Members' notifications obligations, see the notification compliance document circulated in the [G/AG/GEN/86/](#) series.

WHEN TO NOTIFY?

Some notification requirements are periodic. They are to be regularly submitted to the Committee on Agriculture in line with the frequency and deadlines established in [G/AG/2](#) and [G/AG/2/Add.2](#). Some notification requirements are *ad hoc*, meaning that they become due only where a specific measure is introduced, or about to be introduced.

For information on when to notify, see [the table below in Part 2](#).

¹ Members' schedules may be consulted at: [Members | Goods Schedules eLibrary](#).

PART 1

OVERVIEW OF NOTIFICATION REQUIREMENTS

HOW TO NOTIFY?²

For comprehensive information on how to notify measures under each pillar of the Agreement on Agriculture, please consult the relevant parts of the [Handbook on agriculture notifications](#), a practical guide for Member governments' officials on how to notify measures to the WTO.

The Secretariat has also developed a [self-training module](#) which acts as a useful e-learning tool to assist Members in preparing notifications in the area of agriculture.

Since October 2019, Members can submit agriculture notifications on-line via the Agriculture Information Management System ([AG-IMS](#)). The Secretariat has developed training [videos](#) and detailed [practical guides](#) on how to submit notifications using the online System. The online system is password protected. Members may request login details and other relevant information to access the System by sending an email to agnotifinqueries@wto.org.

Mock examples for each notification requirement can be found in the [Handbook on agriculture notifications](#).

² All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in the latest version of the document series [WT/INF/25](#). Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification. In the absence of any measure to report (i.e a 'nil' statement), Members may submit Table ES:1 and Table EC:1 notifications by way of an oral announcement to the Committee. (please refer to paragraph 2.17 of document [G/AG/R/104](#) and [G/AG/2/Add.2](#) respectively).
