

Improving the quality and clarity of notifications

Contribution from the European Union

Transparency Working Group of 10 March 2026

Title of the notified document (item 5 of the notification template)

**Current provisions from the Recommended
Procedures for Implementing the Transparency
Obligations of the SPS Agreement (Article 7)
(G/SPS/7/Rev.5)**

**Title of the proposed or
adopted (...) SPS regulation**

**Regulation 1111/2026 of
10 March amending article 2
of Decree 2222/2020**

Suggestion

**Updating/complementing Annex A-1
of the Recommended Procedures**

**The title should also reflect the
content of the notified measure**

**Regulation 1111/2026 amending article 2
of Decree 2222/2020 on updating the
frequency of import control of fishery
products originating from Borduria**

Addendum

The template for Addendum does not foresee any box informing on the regions/countries likely to be affected by the measure.

Nevertheless, such information brings clarity and enhances transparency.

Suggestion

The title of a measure notified by way of an Addendum should also reflect the content and affected countries.

The Recommended Procedures should reflect this accordingly.
