Training as a coordination tool!

Sally Jennings
New Zealand

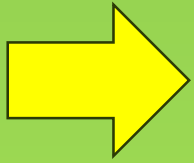

Why?

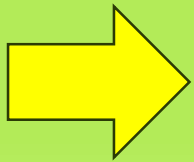

Training = Coordination Tool

- Understanding why coordination is needed
- Knowing how it's important
- Ensuring staff know the process and follow it

How do you get cooperation in your coordination!

You need a training strategy!

Who?

- Staff induction – for all
- Specific training for specific parts of the system
- Other government agencies
- Industry

How?

- Face-to-face workshops and seminars
- eLearning Courses
- Explaining videos
- One-on-one sessions

What?

- About the WTO
- Specific WTO/SPS obligations
- Practical
- Industry specific

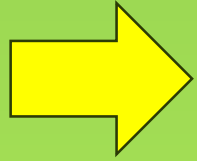

Where to find the resources?

- WTO Secretariat resources – Practical Manual, eLearning Course
- Commission work for identifying training gaps and developing learning for your specific requirements

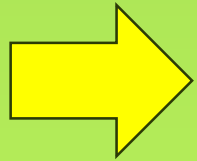

To improve your coordination systems

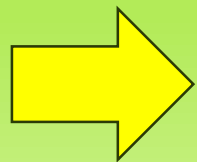

Do a training gaps analysis

- Who?
- How?
- What?

Develop a training strategy!

Resource and implement training programme

Thank you for your attention!
