Pre-Arrival Processing (PAP) in West Balkan

Success in Montenegro

→ The success of Pre-Arrival Processing projects on express shipments led to upscaling in nine other countries and the extension of the scope to postal services.

Further results

Serbia:

- Clearance on Arrival (CoA) of expedited shipments increased from 38% to 50
- CoA for shipment categories 1 and 2 expected to rise up to 80%.

North-Macedonia:

- Bond on stock improved by 15%.
