AGREEMENT

For Members which acceded pursuant to Article XII of the Marrakesh Agreement, their respective Protocols of Accession may contain notification obligations in addition to those set out in the WTO Agreements, and may govern the deadlines for the submission of their initial notifications.

PART 1

OVERVIEW OF NOTIFICATION REQUIREMENTS

WHAT MUST BE NOTIFIED?

The TFA provides for three main types of notifications (with only one of them applying to all Members):

1. Implementation-related notifications (otherwise known as "ABC notifications"). These notifications are governed by section II of the TFA, especially Articles [15](#) and [16](#)
2. Transparency notifications (set out by Articles [1.4](#), [10.4.3](#), [10.6.2](#) and [12.2.2](#) of the TFA)
3. Notifications related to technical assistance and support for capacity building (Articles [22.1](#), [22.2](#) and [22.3](#) of the TFA)

WHICH MEMBERS MUST NOTIFY?

The first type (implementation) applies to all developing and least-developed Members that chose to use the flexibilities set out in section II of the TFA.

The second type (transparency) applies to all WTO Members.

As far as the third type is concerned, Article [22.1](#) and [22.2](#) applies to "Donor Members". [Article 22.3](#) applies to developing and least-developed countries that chose to use the flexibilities set out in section II of the TFA.

WHEN TO NOTIFY?

For reference on when to notify, please refer to the [TFA Database](#).

HOW TO NOTIFY?¹

For information on how to notify, see [TFA Notification Requirements](#).

¹ All notifications, regardless of their subject content or the requirement under which they are being submitted, must be directed to the administrator of the Central Registry of Notifications (CRN), as indicated in the latest version of the document series [WT/INF/25](#). Notifications may be submitted through online submission systems, as electronic attachments to emails, or on paper. As it may be practice, a copy of the notification may be sent to the Secretariat unit substantively handling the notification.
