Supporting progress towards human development – on a healthy planet

UNDP Strategic Plan 2026-2029

Four **strategic objectives** define the direction of UNDP's new Strategic Plan:

PROSPERITY FOR ALL

EFFECTIVE GOVERNANCE

CRISIS RESILIENCE

HEALTHY PLANET

Powered by three **accelerators**:

DIGITAL AND AI TRANSFORMATION

GENDER EQUALITY

SUSTAINABLE FINANCE

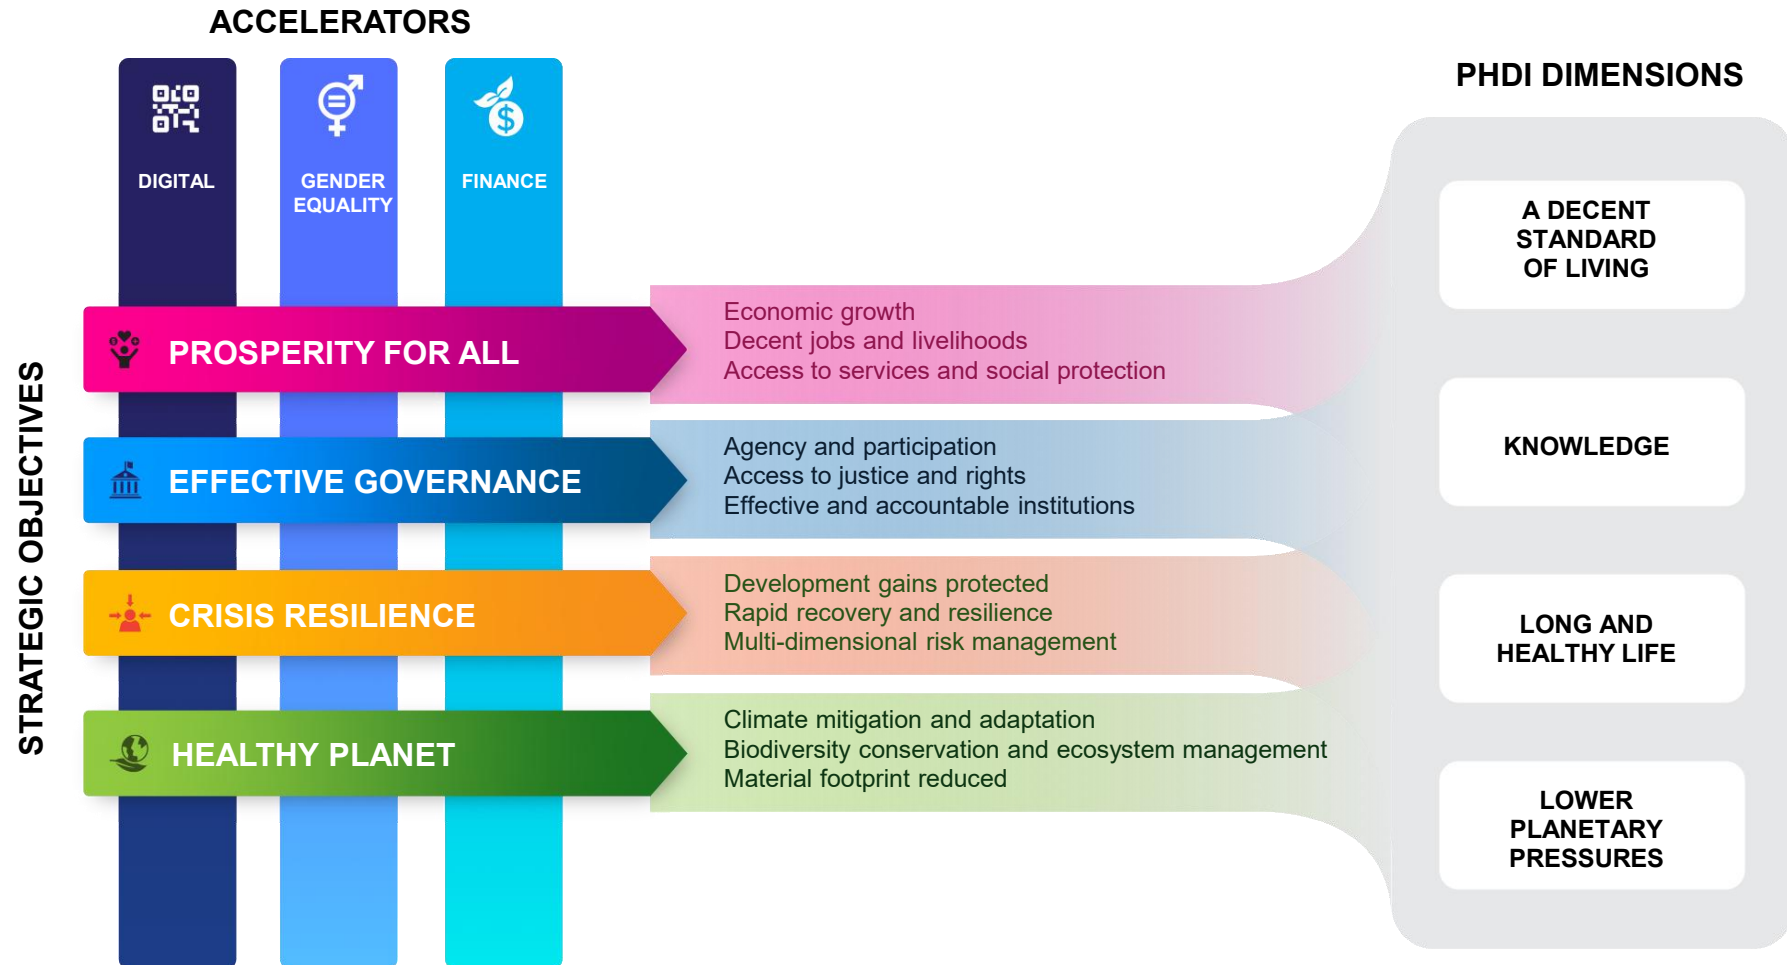

This combination is underpinned by our commitment to human rights and to leaving no one behind.

CREATING VALUE

Strategic framework

The strategic objectives and accelerators collectively advance human development while reducing planetary pressures, as measured by the Planetary Pressures-adjusted Human Development Index.

Gender Equality Strategy 2026 - 2029 development Approach

- The GES 2026- 2030 as a **continuation of the current Strategy** (remains relevant), adapted to the new Strategic Plan and current context.

- Have a **bottom-up approach**, with the bulk of co-creation and consultations concentrated in country offices and regions.

- Maintain the **broad spectrum of partners** to be consulted, including UN Member States / UNDP Executive Board.

- Present the Strategy in **June 2026**.

Questions for Partners

Context and priorities

- *What are the critical trends that will impact gender equality over the next few years in your country?*
- *What gender equality work must we protect at all costs, even with severe budget constraints?*

Questions for Partners (2)

UNDP's role and collaboration

What aspects of UNDP's gender equality approach need fundamental transformation to remain relevant and impactful?

How can UNDP better serve partners? What are the best ways to collaborate and join forces?

What priorities should UNDP focus its efforts during the next years? What are we good at? What do we need to improve?
